Marshmallow Spiders

"Your kids would love to munch on these yummy spiders."

[See the instruction in the 2nd document.]

HOW TO MAKE MARSHMALLOW SPIDERS

Materials

- Large marshmallows
- Pretzel sticks or chow mein noodles
- Mini M&Ms or raisins

Instructions

- Have the kids push four pretzel sticks or noodles into each side of the marshmallow to be the spider's legs. These will make the marshmallow body of the spider actually be able to stand on the spider legs.
- Use another stick to poke two eye holes in the marshmallow; insert M&M's or raisins into place as the spider's eyes.
